## Pick-Up at End of Day

Please make sure your child's teacher knows who is picking up your child. There have been several days when there has been major confusion because teachers are unaware of a different driver picking up students. We've also had the line held up because children aren't at the correct door for pick-up. Teachers really need this information as soon as possible. It is best to send in a note in the morning. Teachers do not have a way to check messages in the last hour of the day when they are teaching and trying to get students ready for dismissal. If you have someone that is regularly going to be picking up your child, please ask the classroom teacher to add the person to your approved pick up list. \*\*\*Even if a person is on the approved pick-up list, you still need to let the teacher know there is a change in pick-up when a different person is picking up.
