School Safety Plan

Did you know that our alternate evacuation site in case of an emergency is Meadow Lakes Elementary??

We constantly work on improving and fine tuning our crisis plan.

In case of a school closure you would receive an automated phone call from the District. You have to answer the phone for the message to come through to you. You can also listen to the local radio stations including Q99.7 or look at the District website.

We practice fire drills every month. In addition, we practice lockdown and earthquake drills each semester.
